### **WORK EXPERIENCE**

# **Project Manager**

#### **Backer-Founder**

Taipei, Taiwan | Feb 2016 - Aug 2017

- Analyzed consumer insights through user research to develop holistic marketing strategy; generated revenue over \$2.2 million USD with 10 projects
- Coordinated with developers and designers to produce responsive websites and marketing materials to demonstrate product highlight and user scenarios
- Defined problems in buying behaviors with user data; optimized the check out process to improve conversion rate up to 200%

# 1st Google Ignite Representative

### Adecco Group

Taipei, Taiwan | Aug 2016 - Nov 2016

- Selected as 1 of 30 Google Ignite representatives out of 3,400 applicants, trained by Google for 6 months on brand and digital marketing skills
- Conducted in-depth interviews with over 50 candidates and performed market research of 5 primary clients in UI/UX industry to propose recruiting strategies

# **PROJECT EXPERIENCE**

# "XiaoBai": 2015 CHI Student Design Competition

- Designed the interfaces and proposed a mid-fidelity prototype of a digital photo frame by storyboarding and mapping user journey
- Developed paper and digital prototypes to conduct 5 usability tests

# Ticwatch Taiwan: Pre-order Campaign raised over \$1 million

- Identified user needs and buying incentives by analyzing 5,000+ surveys
- Led the design process of the website, including UX research, interaction design, visual design and iteration

# Backme: An online payment application with 3.6 million PVs

- Conducted contextual inquiry to optimize UI design and propose new feature
- Produced wireframes to simplify check-out process; evaluated usability and refined prototypes by heuristic evaluation
